

SURFERS PARADISE OUTRIGGER CANOE CLUB INC EVENT REGISTRATION & RACE FEES POLICY

Team Registration & Crew Lists

Coaches must submit all team registrations to the Management Committee at least two (2) weeks prior to the event registration close-off date.

Coaches must also submit crew lists for team registrations detailing individuals to the Management Committee at least one (1) week prior to the event registration close-off date.

The Management Committee will check to ensure that all nominated individuals are deemed fully financial members prior to crews being registered. If nominated members are found to not be fully financial, then they will not be permitted to race. Coaches will be advised accordingly and team registrations will not be processed until such time.

Race Fees

All nominated individuals must ensure race fees are paid into the Club account at least one (1) week prior to the event registration close-off date.

If payment is not received from all individuals, then the crew registration will not be attended to.

Golden Masters 60+ Crews

As individuals do not need to be financial members of the Club in this category, the Club Registrar will only register crews under SPOCC once the relevant information has been provided (ie. Names & AOCRA Id #) and all race fees have been paid into the club account.

Important:

Team registrations and entering of crew lists will not be processed by the Club Registrar until the Club Treasurer confirms that all members are fully financial and that all race fees have been paid into the Club bank account.
